## Greetings

In the morning,

bitter sweetness and wake up with a bubbly face

In freezing winter,  
feel the sweetness of steaming hot chocolate

Those things remind us happiness is not far away.

As we have done so far,  
we will continue to consider creative ideas in the future

In order to give you 'happiness' with a cup of  
delicious and healthy beverage in your daily routine

Kind regards,

CEO *Kim young A.*
